

CHUTE / INTAKE SECTION :

General statement for our intake sections:

Chute sections are fabricated with 16 gauge aluminized steel or with a stainless steel option. The general use is for Trash, Linen and Recyclable items. The NFPA-82 standard is 24" diameter or Chutes can be designed and fabricated at different diameters ranging from 36" to 16" round. Our chutes are equipped with a 'UL' label stainless steel door (No. 4 Directional Satin Finish) with specific dimensions. Doors sizes can range from 12"x15" to 24"x24" with a UL-B rating. Custom sizes for both the door and trim can be fabricated with the quickest turnaround time in the nation.
